ARCHITECH OAK.

Glazed Porcelain Tile

Natural

Throughout history, the beauty of nature has inspired both art and science. The Architech Oak Collection reflects this dual inspiration. The design draws on a variety of natural wood types, resulting in a unique grain pattern. That grain is brought to life with science – advanced technology that delivers stunning design quality with microrelief along the grain veins. The result is an attractive, modern wood look that is as inviting to the touch as it is to the eye. For your next project, branch out to the innovative style of the Architech Oak Collection.
